Summary

As a fresh graduate in computer science, I am excited to bring my knowledge and skills to web development.

I have experience working with popular programming languages such as JavaScript, Python, and HTML/CSS, as well as web development frameworks like React and Node.js.

I have a strong understanding of web development principles, including responsive design and web performance optimization, and I have worked with databases such as MySQL and MongoDB.

I am passionate about creating cutting-edge technology and am eager to learn and grow as a full-stack developer.
